Content:

The Management Board of INTERSPORT Polska S.A. with the seat in Cholerzyn (the "Company") on 28 March 2018 received information on concluding a commercial premises rental contract with the Company SILESIA OUTLET Sp. z o.o. headquartered in Warszawa. In effect, from the first half of 2019 INTERSPORT Polska will increase its trading area with a 398 m² outlet which will be located in the newly-built outlet center in Gliwice, ul. Rybnicka.

The contract was concluded for the period of 5 years from the day of delivering the premises with the option of being prolonged. Other terms and conditions of the contract do not deviate from the ones commonly used on the market.

The Management Board of INTERSPORT Polska points out that the newly concluded contract is intended to allow the Company to enter with its trading offer the so-far unexplored market of outlet sale. This will allow the Company to sell out its old collections which will be supplemented with own brands having an attractive price and generating a high margin (thanks to purchases directly from manufacturers according to the "New Business Model"). Further, the increase of the trading area will have a positive impact on the Company's turnover.
